Revision of the Builder's Guide to Energy Efficient Homes in Louisiana is funded 100% from the Petroleum Violation Escrow (PVE) funds from the Exxon Settlement as provided by the Louisiana Department of Natural Resources and approved by the U.S. Department of Energy.

This public document was published at a total cost of \$13, 175.00. Ten thousand copies of this document were published in this third printing at a cost of \$13, 175.00. The total cost of printings of this document, including reprints, is \$25, 875.00. This document was published by the Department of Natural Resources, Technology Assessment Division, Energy Section, P.O. Box 44156, Baton Rouge, Louisiana 70804-4156, to promulgate the State Energy Conservation Plan developed under P.L. 94-163. This material was printed in accordance with standards for printing by state agencies established pursuant to R.S. 43:31.
